D.O. No. J-11018/1/2/2016-MGNREGA (IV)

Dear Sir, Kunal,

Date: 09.09.2016

**Sub: Focus areas under MGNREGA- Performance Analysis up to August 2016**

With a view to ensuring effective implementation of MGNREGA in the States/UTs, the Ministry has been regularly reviewing various aspects of the programme. Based on discussions with the state representatives and monitoring through field visits, I strongly feel that the State needs to expeditiously resolve, inter alia, the following major programmatic implementation issues under MGNREGA;

- i. Geo-tagging under GeoMGNREGA:** As part of GIS implementation in MGNREGA, it has been decided that the completed assets under MGNREGA will be geo-tagged, along with photograph. It is being planned that, all the Gram Panchayats will simultaneously move towards the newly functional system. To achieve this, pilots were conducted in 34 Gram Panchayats in GIS pioneering Districts in all the States/ UTs w.e.f 1<sup>st</sup> August 2016. The next step is the Wave- I roll-out in 100 districts w.e.f. 1<sup>st</sup> September 2016. Trainings for capacitating the officials and MGNREGA staff, crucial for the success of GeoMGNREGA, has to be ensured and provided with the necessary support.
- ii. Job card verification and updation on a campaign mode:** It is to be ensured that all MGNREGA job cards are complete in all respects and verified before being issued. Time bound campaigns may be held to validate job cards and calendar for the same needs to be shared. The entire exercise has to be completed before 31<sup>st</sup> August 2016. The Ministry will closely monitor this campaign and provide all requisite support for the purpose.
- iii. Completion of incomplete works:** During the FY 2016-17 (as on 26.8.2016), the percentage of works completed is only 0%. 118 works are incomplete in the State, which were started in FY 2014-15 or before (as on 26.08.2016). It is desirable to hold a review for arriving at the reasons for slow progress in completion of works and ensure completion of works, started in FY 2014-15 or before as per the timelines mentioned in the minutes of the Labor Budget meeting for FY 2016-17.
- iv. Durable Citizen Board/ Information Board at every worksite:** It may be ensured that Information Boards with important details about the work are placed at every worksite after completion of the work. The cost of constructing the Information Board may be considered to be built into the estimate. It will be appreciated if a uniform design with suggestive content is developed at the State level and communicated to the implementing agencies for execution.
- v. Asset register:** In view of the increased focus on assets and targets set by the States as per the Action Plan for FY 2016-17, the Asset Register needs to be mandatorily maintained at GP level in the prescribed format. In this connection, the format of "Asset Register" has been shared with you vide Ministry's letter dated 09.05.2016. As per MIS, new asset register has been maintained in 190 GP (0 %) in the State. You are kindly requested to update the required data on NREGASoft.
- vi. Direct Benefit Transfer (DBT):** As a follow up to the Prime Minister's review on 9<sup>th</sup> May, 2016 on DBT under Mahatma Gandhi NREGA video conferencing were done on 16<sup>th</sup> May, 3<sup>rd</sup> June

and 17<sup>th</sup> June and on 15<sup>th</sup> July 2016 in PRC with the relevant personnel of your State. You would be aware that, completion of the Aadhaar seeding in programme database (NREGASoft) and conversion to Aadhaar based payment (ABP) of all workers having their accounts in banks had to be completed in **August 2016**. In addition, we need to minimize the PO Aadhaar verification pendency (Aadhaar yet to be verified and rejected cases) at Programme Officer level (PO login).

Accordingly, it was advised to either mobilize the concerned MGNREGA workers at the bank branch or hold special camps. As of now, there are 10949 active MGNREGA workers; out of which 8833 (81 %) Aadhaar numbers have been seeded in the NREGASoft and conversion to Aadhaar based payments has been done for nil bank accounts.

So far, nil number of consent for Aadhaar based payments has been taken; out of this only 1 (0 %) consent entry has been done against the workers. The information on total number of filled in bank consent form shared with banks for ABP conversion is only 0. Moreover, there may be many individuals who would have applied for Aadhaar but have not received their Aadhaar numbers also need to be provided with the same.

**vii. Progress of Works in Specific Areas:**

- a. **IHHL:** In pursuance of Ministry's commitment to provide Access to Sanitation facilities, the scope of works has been expanded to include the construction of Individual Household Latrines (IHHL). As per the MIS (as on 05.09.2016) 0 (0%) IHHLs have been constructed against a target of 0.
- b. **AWC:** Construction of Anganwadi Centres is another important asset to be created under MGNREGA as a part of Rural Infrastructure. In this regard, 0 number of AWCs were set as target for FY 2016-17, of which nil has been completed (as on 05.09.2016).
- c. **Vermi Compost and Farm Ponds:** With a target to create durable and productive assets under MGNREGA, of which sixty percent should be related to Agriculture, States have set themselves a target of creation of 10.40 lakh Vermi/ NADEP compost pits and 8.82 lakh Farm ponds on individual lands in FY 2016-17.

I seek your personal and immediate intervention in the above-mentioned critical areas. I assure you of fullest support of the Ministry of Rural Development in your endeavor towards effective implementation of MGNREGA in the State of Goa

Regards,

Yours sincerely,

(Aparajita Sarangi)
